PROFILE

As a highly determined and passionate web developer, I am fueled by an insatiable curiosity for new technologies and a relentless drive to elevate my skills as a human being and a techie. My enthusiasm for web development is not only a career choice but a personal commitment to staying at the forefront of industry trends, creating and deploying solutions that technology world requires.

WORK EXPERIENCE

Education Counsellor

American Culture Language Schools October 2023-December 2023

- As a versatile professional at the American Language School, I seamlessly wear two hats, contributing both as an *Education Counsellor* and a *Bookkeeper*. This dual role allows me to blend my expertise in educational leadership with precision in financial management, underscoring my adaptability and commitment to diverse organizational needs.

Junior Front-end Developer

My NFT Brands

October 2022-December 2022

- At this company, I contributed my skills as a *Junior Front-End Developer* during a dynamic two-month engagement. This brief yet impactful experience allowed me to immerse myself in the cutting-edge realm of Non-Fungible Tokens (NFTs) and the world of web development. And it did make me realize what I want to do as a developer.
- Here I also learned many new front-end technologies like React, Next, TypeScript.
